1. A \$100 non-refundable application fee per student (family maximum of \$200) is due with the application.
2. There is a multi-child discount available for full-time students.
(2nd oldest student - 10% off, 3rd student – 20% off, 4th student – 30% off.)
3. Financial aid availability will be determined by an outside agency (FACTS). This agency does not give financial aid money to Tri-State, they only determine the amount, and then T.S.C.S. gives the aid to families from its own operating budget. The amount of aid offered will be determined by using 1040 tax forms, special family hardship situations, and calculated allowances for multi-child families. This financial aid process, which is confidential, must be completed before any financial aid is awarded.
